EP Traces Course - LIVE: Sunday 3 October 2021

Chair: Simon Modi, Vishal Luther

**Liverpool, UK,
Liverpool, UK**

Welcome, course objectives, and "how to approach the unknown tracing"

EP Traces Session 1

EP Traces Session 2

EP Traces Session 3

Heart Rhythm Trainees 1 - On-demand

Chair: Heather Edwards, Nikhil Ahluwalia		Cardiff, UK, London, UK
Clinical benefit of rhythm control therapy: A shift from treating symptomatic to all patients	Paulus Kirchhof	Hamburg, DE
Management of arrhythmias in the cardiac transplant patient	Manish Kalla	Birmingham, UK
Debate: PVI should be the index ablation strategy for all persistent AF — For	Tim Betts	Oxford, UK
Debate: PVI should be the index ablation strategy for all persistent AF — Against	Neil Srinivasan	Leeds, UK

Heart Rhythm Trainees 2 - On-demand

Chair: Heather Edwards, Nikhil Ahluwalia		Cardiff, UK, London, UK
Indications and techniques for conduction system pacing	Kenneth Ellenbogen	Richmond, US
How to approach transvenous lead extraction	Neil Grubb	Edinburgh, UK

Basic Science Primer — Bench to Bedside - On-demand

Chair: Gwilym Morris, Malcolm Finlay		Manchester, UK, London, UK
1. Inflammation and AF		
Bench: The Inflammasome — coming to an AF patient near you?	Barbara Casadei	Oxford, UK
Bed: Hot AF: inflammation, adiposity, fibrillation and substrate modification!	Vishal Vyas	London, UK
2. Advances in mapping of complex arrhythmia		
Bench: Fancy equations, inverse solutions and mathematical somersaults — the new tricks behind mapping of complex arrhythmias	Pawel Kuklik	Hamburg, DE
Bed: Do you see what I see? What new mapping technologies tell us about chaotic rhythms	Claire Martin	Cambridge, UK
3. VT ablation		
Modelling the arrhythmic substrate: do we know the mechanisms, and can we predict risk?	Jenny Wang	Oxford, UK
Bed: Why doesn't VT ablation work? What should I target in the cath lab?	Neil Srinivasan	Leeds, UK

Cardiac Physiology and Science Update - On-demand

Chair: Cristiana Monteiro, Shouvik Halder		Oxford, UK, London, UK
Is there a place for cardiac scientists in ACHD EP and devices?	Holly Daw	London, UK
The MDT — how can we integrate nursing and other allied professions into device and EP services?	Rebecca Imms	Oxford, UK
The era of digitalisation of healthcare and its impact on cardiac physiology services	Elisabete Vaz	Lisbon, PT
The pandemic effect on in-person device clinics and Remote Monitoring. Change and opportunity	Ross Haynes	London, UK
The cardiac scientist of the future	Vicky Harrison	Blackpool, UK

Nurses 1 - On-demand

Chair: Catherine Laventure, Sarah Clarke		Peterborough, UK, Essex, UK
VT storm — management options and outcomes	Neil Srinivasan	Leeds, UK
The Somerset Sudden cardiac Death Pathway — 10 year story	Janice Bailey	Taunton, UK
The future role of S-ICD — should we be using S-ICD more often?	Duncan Field	Colchester, UK
Considerations for mainstreaming genomics in cardiology	Janice Bailey	Taunton, UK

Nurses 2 - On-demand

Chair: Catherine Laventure, Sarah Clarke		Peterborough, UK, Essex, UK
Developing the cardiovascular nurse researcher	Tootie Bueser	London, UK
Remote monitoring and how the COVID-19 pandemic has improved our practice and patient outcomes	Joe Shipton	Basildon, UK
The rhythm is gonna get you! The need for an arrhythmia nurse in the ED	Catherine Laventure	Peterborough, UK
Nurse-led palpitations clinics in secondary care	Kay Elliott	Dorset, UK

Digital Technology - On-demand

Chair: Lis Neubeck, Martin Cowie		Edinburgh, UK, London, UK
Wearables for AF detection	Pier Lambiase	London, UK
Remote monitoring in HF: Implantables and wearables	Arvind Singhal	London, UK
Managing the tsunami of data	Sophia Jones	London, UK
Chair: Lis Neubeck		Edinburgh, UK
Roundtable discussion: The GP, the pharmacist, the nurse, the cardiologist & the patient	Lis Neubeck, Raj Thakkar, Shouvik Haldar , Trudie Lobban(MBE), Zainab Khanbhai	Edinburgh, UK, Buckingham, UK, London, UK, Stratford Upon Avon, UK, London, UK

BHRS EGM Championship - LIVE: Monday 4 October 2021

Chair: Stuart Allen		Manchester, UK
Panel	Christopher Monkhouse, Honey Thomas, Paul Doherty	London, UK, Northumbria, UK, Solihull, UK

BHRS Physiologist Session: Remote Monitoring – Service Development - On-demand

Chair: Claire O'Neill, Jason Collinson		London, UK, Basildon, UK
Monday motivation — managing the workload!	Josh Mundy	Ipswich, UK
ADMIN! The key component to a successful service	Ian Pinnell	Oxford, UK
Remote alerts — practical tips: What, when and how?	Charlotte Mehegan	Bury St. Edmunds, UK
Innovative ways of delivering patient information	Lydia Bradley	Wolverhampton, UK

Telehealth And The Clinical Legacy Of A Pandemic - On-demand

Chair: Angela Griffiths, Matthew Fay		Oxford, UK, Bradford, UK
The rise of smart wearables due to the pandemic	Jeroen Hendriks	Adelaide, AU
Palpitations detection and investigation in primary care	Matthew Fay	Bradford, UK
Tertiary care — arrhythmia clinics: Current and future challenges in the global pandemic. How are we managing our specialist referrals?	Matt Ginks	Oxford, UK
Device clinics: A cardiac physiologist view on how the global pandemic has impacted changes in managing device patients	Karen Potts	Middlesbrough, UK
Anticoagulation clinics in a time of COVID	Hayley Flavell	Bournemouth, UK

Arrhythmia Alliance & Heart Rhythm Society joint Session: From A (Atrial Fibrillation) to V (Ventricular Arrhythmias) — Optimizing Arrhythmia Care in the Next Decade - On-demand

Chair: Fred Kusumoto	Jacksonville, US	
Atrial fibrillation ablation in 2021: Who, when, and how?	Hugh Calkins	Baltimore, US
Patient generated data: Friend or foe?	Thomas Deering	Atlanta, US
Syncope and falls in the elderly: Individual patient care to systems of care	Win-Kuang Shen	Arizona, US
Preventing sudden death: What's next?	Christine Albert	Los Angeles, US

Arrhythmia Alliance & BHRS Joint Session - On-demand

Chair: Alistair Slade		Truro, UK
BHRS Remote Monitoring Survey - What have the data revealed?	Eleri Gregory, Ian Wright	Manchester, UK, London, UK
A-A Remote Monitoring Survey - What have the data revealed?	Trudie Lobban(MBE)	Stratford Upon Avon, UK

Music: An Underutilised Tool in Neurocardiology - On-demand

Programme notes and video coming soon.

ATRIAL FIBRILLATION: WHAT YOU SHOULD KNOW!

Chair: Matthew Fay		Bradford, UK
What is the difference between paroxysmal, persistent and permanent AF?	Matthew Fay	Bradford, UK
What is atrial flutter and how does it differ from AF?	Nicholas Tullo	New Jersey, US
Snoring and AF...	Will Foster	Worcester, UK
I have AF but have not seen a specialist - does that matter?	Cristiana Monteiro	Oxford, UK

TREATMENT/THERAPY - ASSESSING APPROPRIATE TREATMENT OPTIONS

Chair: Sotiris Antoniou		London, UK
Anticoagulation - side effects and what if I forget to take them?	Vishal Luther	Liverpool, UK
I can't take anticoagulation - am I suitable for left atrial appendage occlusion?	Sandeep Panikker	Coventry, UK
My doctor has recommended a cardioversion — what should I expect?	Will Foster	Worcester, UK
My doctor has recommended ablation — what should I expect?	Hugh Calkins	Baltimore, US

I have been offered freezing or burning for my ablation - which should I choose?

Dhiraj Gupta

Liverpool, UK

Sky Labs - What is CART and How to use CART

Syncope & Inherited Conditions

STARS Symposia - On-demand

Chair: Nicholas Gall		London, UK
Why the active stand is an incomplete investigation of syncope	Richard Sutton	Monte Carlo, MC
Where are we after BIOSYNC?	Michele Brignole	Milan, IT
Is recurrent syncope in patients paced for vasovagal syncope a problem?	Richard Sutton	Monte Carlo, MC
The latest on atomoxetine therapy for vasovagal syncope	Robert Sheldon	Calgary, CA
Chair: Boon Lim		London, UK

'Syncope Spotlight Project for Primary Care Physicians' ?	Lesley Kavi	Warwickshire, UK
Cardiovascular autonomic disturbances in long COVID: The UK perspective	Nicholas Gall	London, UK
If we were to revise ESC Guidelines on Syncope now. What would we change?	Richard Sutton	Monte Carlo, MC
Tilt vs ICM/ILR	Robert Sheldon	Calgary, CA
Chair: Richard Sutton		Monte Carlo, MC
Long COVID: The UK perspective	Lesley Kavi	Warwickshire, UK
Long COVID: The Swedish perspective	Artur Fedorowski	Stockholm, SE
Long COVID: The Canadian perspective	Satish Raj	Calgary, CA
Chair: Blair Grubb		Toledo, US
Putting the Canadian consensus on PoTS in context - getting the message out to the generalist	Paula Harvey	Toronto, CA
PoTS following corona virus	Blair Grubb	Toledo, US
Abdominal compression in PoTS	Satish Raj	Calgary, CA
What can the cardiopulmonary exercise test tell us about PoTS physiology?	Steve James	London, UK

Small fibre neuropathy - what is it, how do you diagnose it and how does it link into PoTS?	Jordi Serra	London, UK
The PoTS bladder: Characteristic findings and why you should be interested	Nicholas Faure Walker	London, UK
Setting up a syncope service	Lara Mitchell	Glasgow, UK
Midodrine for the prevention of vasovagal syncope: POST 4 results	Robert Sheldon	Calgary, CA

AICC - Arrhythmia Management in the Inherited Cardiac Conditions - LIVE: Tuesday 5 October 2021

Chair: Jan Till, Sam Mohiddin, Stephen Page		London, UK, London, UK, Leeds, UK
Managing an electrical storm in IVF/Brugada syndrome	Bernard Belhassen	Jerusalem, IL
Managing an electrical storm in Long QT Syndrome	Dominic Abrams	Boston, US
LIVE PRESENTATIONS		
LIVE: Managing AF in hypertrophic cardiomyopathy	Pier Lambiase	London, UK
LIVE: Managing AF in dilated cardiomyopathy	Derick Todd	Liverpool, UK

Clinical EP

Arrhythmia Alliance Symposia 1 - On-demand

Chair: Fozia Ahmed	Manchester, UK
ORGANISATIONAL ISSUES	

Implications of national cardiology GIRFT report for CRM - is it realistic or aspirational (or delusional)?	Nick Linker	Middlesbrough, UK
Device follow up 2021 - what is frequency of optimal device follow up	John Paisey	Southampton, UK
Remote monitoring for all - implications and affordability for a bradycardia population	Caroline Green	Manchester, UK
Should leadless pacemakers be new standard of care in bradycardia pacing - implications for UK practice: Present and future	Chris Pepper	Leeds, UK
Chair: Honey Thomas		Northumbria, UK
CHALLENGES IN CARDIAC PACING		
Cardiac pacing - His bundle, septal and LBBB pacing or keep it simple	Paul Foley	Swindon, UK
Leadless CRT	Aldo Rinaldi	London, UK
Device complications - how to minimise risk	Honey Thomas	Northumbria, UK
Challenging device cases: Venoplasty tips and tricks	Andrew Turley	Middlesbrough, UK
MRI and cardiac devices: Why is this still an issue?	Martin Lowe	London, UK
Chair: Lee Graham		Leeds, UK

MISCELLANEOUS

ECG - practical tips and tricks for the non specialist	Stephen Murray	Newcastle Upon Tyne, UK
Cardiac anatomy for CRM specialist	Sabine Ernst	London, UK
Arrhythmias during pregnancy	Dawn Adamson	Coventry, UK
Ventriular ectopy - when to worry and management options	Lee Graham	Leeds, UK
Arrhythmias in athletes: What to do?	David Begley	Cambridge, UK

Chair:

ICD THERAPY

Primary prevention ICD therapy - time for a rethink	Andrew Flett	Southampton, UK
Dilated cardiomyopathy - what is OMT in 2021	Matthew Dewhurst	Stockton on Tees, UK
LV remodelling - when to decide on device therapy in DCM	Roy Gardner	Glasgow, UK
Predicting SCD: Beyond EF	Andre Ng	Leicester, UK
ATP or no ATP for primary prevention ICDs	Neil Herring	Oxford, UK

Arrhythmia Alliance Symposia 2 - Emerging Technologies and New Practices in Cardiac Management - On-demand

Chair: Dhiraj Gupta, Tim Betts		Liverpool, UK, Oxford, UK
Pulsed field ablation of AF	Pierre Jais	Bordeaux, FR
Advances in leadless pacing	Vivek Reddy	New York, US
COVID-19 and remote monitoring - lessons for the future	Cristiana Monteiro	Oxford, UK
Cardiac radiotherapy for VT	Ross Hunter	London, UK
Sources and contemporary recordings of electrocardiograms	Andrew Grace	Cambridge, UK
Laser ablation	Scott Gall	Blackpool, UK

Year in Review 1 - On-demand

Chair: Claire Martin		Cambridge, UK
Ventricular arrhythmia	John Sapp	Halifax, CA
AF	Jon Kalman	Melbourne, AU
What's on the horizon - the next 24-26 months	Paul Zei	Boston, US

Year in Review 2 - On-demand

Chair: Robert Sheldon		Calgary, CA	
Bradycardia	Kenneth Ellenbogen	Richmond, US	
ICDs / CRT	Andrew Epstein	Pennsylvania, US	
Syncope	Robert Sheldon	Calgary, CA	

AF Association Symposia 1 - What do the new ESC AF guidelines really mean? - On-demand

Chair: Richard Schilling		London, UK
Should we adopt a comprehensive characterisation of AF patients	Tatjana Potpara	Belgrade, RS
How much can AF be managed by adopting a healthy lifestyle?	Prashanthan Sanders	Adelaide, AU
How do we pick rhythm control for our AF patients?	Paulus Kirchhof	Hamburg, DE
How much can the AF patient be involved in making management decisions?	Deirdre Lane	Liverpool, UK

AF Association Symposia 2 - Ablation session - On-demand

Chair: Derick Todd, Tim Betts		Liverpool, UK, Oxford, UK
What QoL reduction related to AF is necessary to make ablation a worthwhile procedure and how do we measure it?	Kim Rajappan	Oxford, UK
What should we do in addition to PVI for 1st time persistent AF - the posterior box or something else?	Dhiraj Gupta	Liverpool, UK
How to judge when can we stop anticoagulants in post AF ablation when CHADSVASc>1	A. John Camm	London, UK
Should LAAO isolation & occlusion be part of treatment for persistent AF?	Dhanunjaya Lakkireddy	Kansas, US
AF ablation to treat heart failure. Therapy or futility?	Pier Lambiase	London, UK
Do better lesions mean better outcomes? Power, force or electroporation - what is the answer?	Helmut Puererfellner	Linz, AT
How to define AF substrate: Voltage, velocities or late LGE and does it help guide ablation?	Andre Ng	Leicester, UK
How to map atrial fibrillation and identify targets for ablation	Tom Wong	London, UK
Chair: Shouvik Haldar		London, UK

Debate: AF ablation as first line therapy - Pro

Guy Haywood

Plymouth, UK

Debate: AF ablation as first line therapy - Con

Hugh Calkins

Baltimore, US

Chair: Andre Ng

Leicester, UK

Debate: Cryo ablation should be the index ablation for all - Pro

Jason Andrade

Vancouver, CA

Debate: Cryo ablation should be the index ablation for all - Con

Damian Redfearn

Kingston, CA

Ablate & Pace - On-demand

Chair: Alistair Slade, Derek Connelly		Truro, UK, Glasgow, UK
Ablate & pace - the evidence	Howard Marshall	Birmingham, UK
Patient selection - is it only for failed AF ablation and permanent AF?	Claire Martin	Cambridge, UK
Which CRT patients need AV nodal ablation? And which AV nodal ablation patients need CRT?	Archie Rao	Liverpool, UK
AV nodal ablation and His bundle pacing - who, how and why?	Haran Burri	Geneva, CH
Programming issues - lower rate limit, mode switching, sensor issues	Eleri Gregory	Manchester, UK
Experience with a novel 2Fr catheter for deep intramyocardial substrate	Anthony Li	London, UK

What came from all the AF Anticoagulation Registries - On-demand

Chair: Ajay Kakkar, Bernard Gersh		London, UK, Rochester, US
GLORIA	Gregory Lip	Liverpool, UK
GARFIELD	Jean-Pierre Bassand	Besançon, FR
ORBIT	Jonathan Piccini	Durham, US
PREFER IN AF	Ameet Bakhai	London, UK

Arrhythmias following Cardiac Surgery - On-demand

Chair: Niall Campbell		Manchester, UK
Risk stratification using risk scores - where are we now?	Benjamin O'Brien	Berlin, DE
Post operative AF - who, how and how to prevent	Bernard Gersh	Rochester, US

Important New Information about DOAC Therapy for Atrial Fibrillation in Special Situations - On-demand

Chair: Gregory Lip, A. John Camm		Liverpool, UK, London, UK
2021 EHRA practical NOAC guide for AF (new edition)	Jan Steffel	Zurich, CH
AF, dementia and oral anticoagulation	Tatjana Potpara	Belgrade, RS
AF, diabetes mellitus and oral anticoagulant	Laurent Fauchier	Tours, FR
AF, chronic kidney disease and oral anticoagulants	Reinhold Kreutz	Berlin, DE

EP Masterclass 1 - On-demand

Chair: Ian Wright		London, UK
When you don't need an EP study to know the diagnosis	Andreas Kyriacou	Sheffield, UK
The origin of the different pacing manoeuvres we use in EP	Aaron Sreenivasan	London, UK
When it's easy to get the diagnosis wrong	Sabine Ernst	London, UK
Focal or re-entrant? Response to entrainment and other clues	Nick Linton	London, UK

EP Masterclass 2 - On-demand

Chair: Ashley Nisbet		Bristol, UK
Ablation from the aortic root: ATs, VTs and pathways	David Lefroy	London, UK
Protecting the phrenic nerve during ablation	John Silberbauer	Brighton, UK
Mapping and ablation of papillary muscle VEs	Usha Tedrow	Boston, US
High power RF ablation: The way forward?	Andre Ng	Leicester, UK

Heart Failure: a modern approach in 2021 - On-demand

Chair: Carys Barton, Martin Cowie		London, UK, London, UK
What's new in the ESC HF2021 guideline: Diagnosis	Roy Gardner	Glasgow, UK
What's new in the ESC HF2021 guideline: Treatment	Theresa McDonagh	London, UK
Atrial fibrillation and HF: Do we know what we should do?	Dipak Kotecha	Birmingham, UK
ICDs for patients with heart failure: do we still need them?	Jonathan Behar	London, UK

Your Data in the National Audit - Latest Findings and Future Direction - On-demand

Chair: Alistair Slade, Ashley Nisbet		Truro, UK, Bristol, UK
National audit of CRM devices and ablation: key findings from the latest report	Francis Murgatroyd	London, UK
Patient reported outcomes in CRM - what's coming?	Ashley Nisbet	Bristol, UK
Use of national registry for device surveillance	Mark Dayer	Taunton, UK
What can NICOR do for your centre? New online tools for you to check your data and benchmark your centre	Sue Manuel	London, UK
How can our CRM audit data be used by the NHS in the future?	Nick Linker	Middlesbrough, UK
